# 2<sup>nd</sup> district Orszagut – Frankel Leo Street

---

Maria Jimena Sanhueza,  
Marie-Stella Marck,  
Paul Saisset,  
Paolino Vitellaro,  
Nicolas Humeau

**Concept: To create a functional and attractive neighborhood for the locals**

**Hard goals**

- I. Putting the urban potential into Value
- II. Improve the efficiency of transportation system
- III. Overcoming existing infrastructural Problems

**Soft goals**

- IV. Promote environmental practices
- V. Encourage social mix and attract new inhabitants

# I. Putting the urban potential into Value

## Heritage

**Turkish Bath**

**→ restoration+ square**

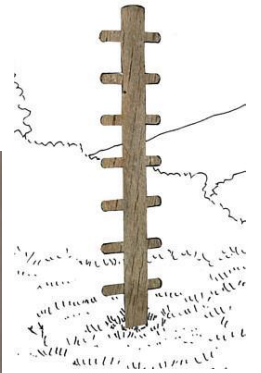

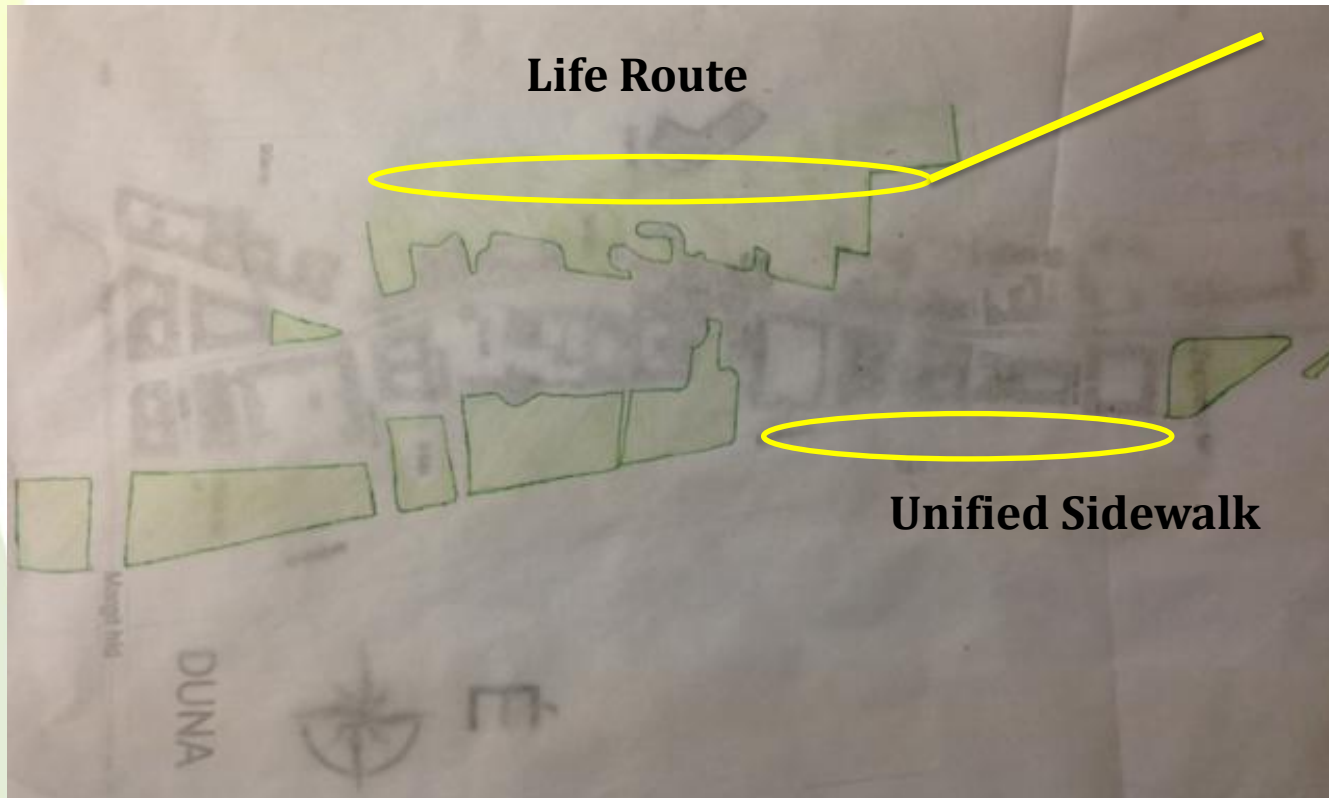

**Abandoned building**

**→ Student housing**

# I. Putting the urban potential into Value

## Green Spaces

# I. Putting the urban potential into Value

## Public spaces

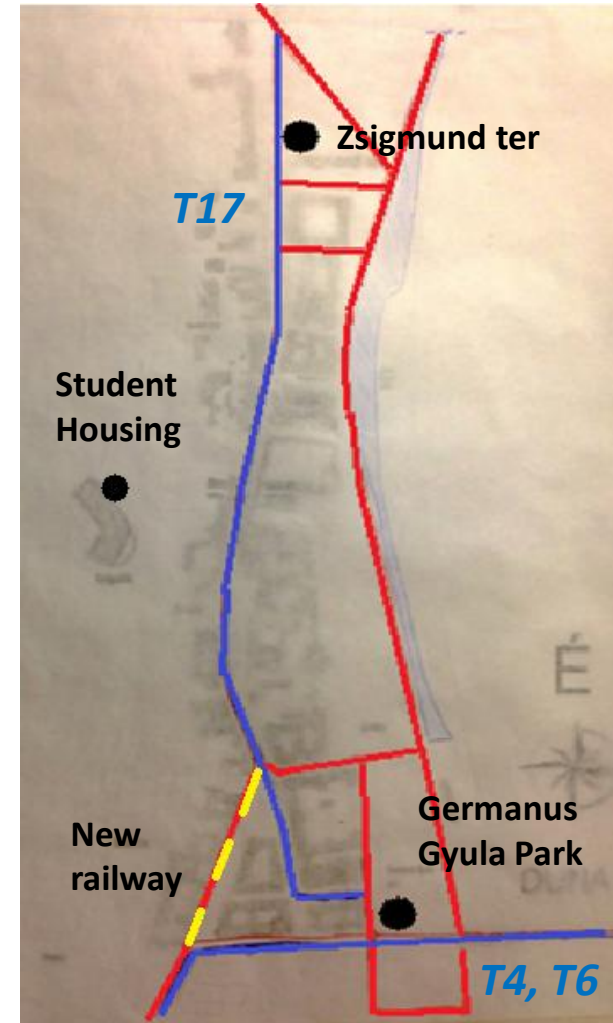

- Neighbourhood center
- Market area

## II. Improve the efficiency of transportation system

### Public Transportation

- Tram Hub
- integrate BUBI

## II. Improve the efficiency of transportation system

- Individual transportation (Rearrange traffic zone, Parking)

# III. Infrastructural Improvement

- Security
  - Pavement
  - Light

- Link with Margit Island (Bridge/Boat)

# IV. Promote environmental practices

- Create a collective garden,
- Mills, Rainwater, encourage non pollution transportation modes

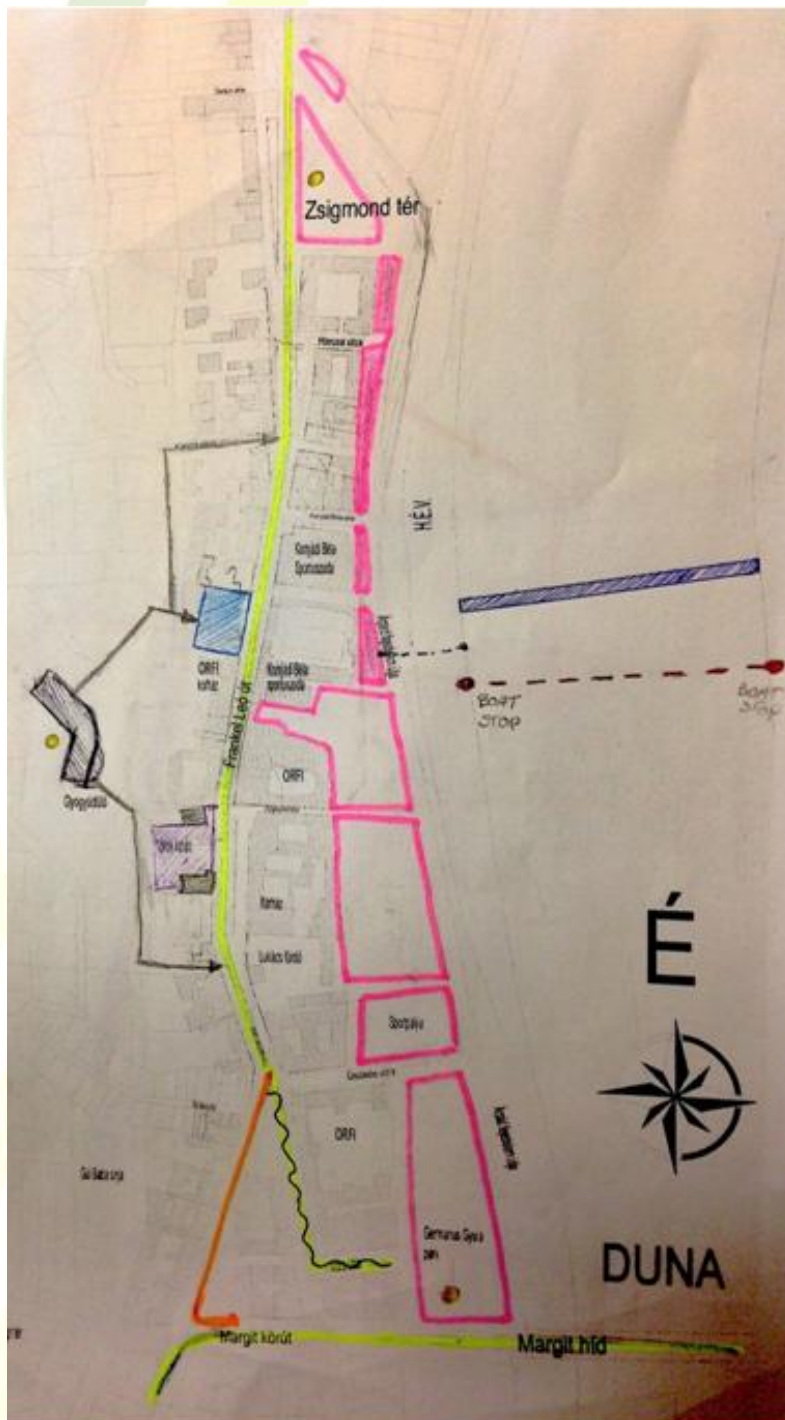

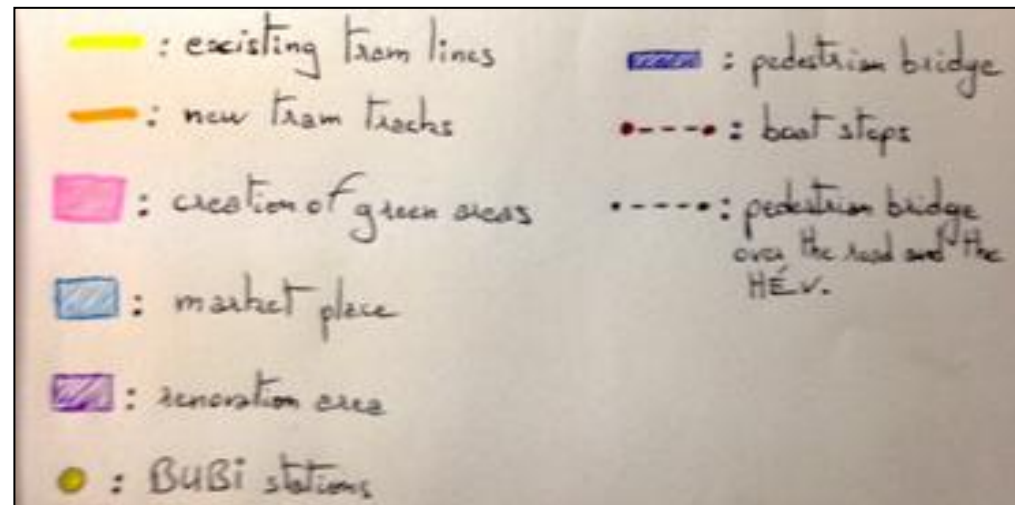

# V. Encourage social mix and attract new inhabitants

- Social Initiatives (new population: students, renewed public spaces, rent discount for students working at the hospital )

# Résumé

## Legend:

Thank you for your attention!
